

Restriction of Hazardous Substances (RoHS) Compliance

CTS Corporation is committed to the protection of our environment, and has completed steps to meet the challenges of regulatory requirements the Restriction of Hazardous Substances (RoHS) Directive, which restricts the use of a number of substances.

CTS component products covered by the RoHS Directive include:

- Ceramic Filters
- Ceramic Duplexers
- Piezoceramic (PZT) products/materials
- Frequency Control components (OCXO, TCXO, VCXO, VCXO, Clock Oscillators, Crystals)
- Frequency Modules (VCO, VCO/PLL, Frequency Translators, Jitter Attenuators, Synchronous Clock Generators, Timing Modules, Filter Modules)
- ClearONE™ Terminators (Both 5 of 6 and 6 of 6 compliant versions are available)
- ClearONE™ Filters and Resonators
- Resistor Networks and Arrays
- DIP Switches, Rotary Switches, Slide Switches
- Potentiometers, Trimmers, Variable Resistors
- Mini-joystick and Micro-joystick Controls
- Heat Sinks
- PCB retainers

If you have a question regarding the compliance of a particular CTS product(s), please contact your CTS representative as listed in the Sales & Distribution - Locations section of our Web site.
