## REACH CERTIFICATION

DELTRON AG, Kirchberg - Switzerland declares that it has fully conformed to the REACH normative no. 1907/2006.

DELTRON AG neither produces nor imports chemical substances (as chemical substances themselves or as components of chemical substances); however as a user of substances, DELTRON AG has promoted the knowledge of the REACH normative to all its suppliers with regard to the raw materials being used in the process and has ensured that all its suppliers have conformed to the REACH normative and to the pre-registration or registration if requested.

On the basis of the information received from our suppliers, we also inform that the products and their packaging supplied by DELTRON AG do not contain any highly dangerous substances included in the current SVHC Candidate List (Version from 06-2016 with 169 items, published by the Agency) and the Annex XV11 above the limits defined in the REACH normative.
