## EMC PROTECTION

- EMI / RFI Feed through Filters and Capacitors
- PCB / SMD Filters
- Filtered Terminal Blocks and Assemblies
- Filtered D-Type Connectors and Assemblies
- X and Y type Capacitors
- High Current Feed-through Filters
- Coaxial Surge Protection (GDT & Quarter-wave)
- Bias-T Protectors

## RF PRODUCTS

- Ceramic Monoblock Band-pass Filters and Duplexers
- High Power Ceramic Filters and Duplexers (ACTIPLEX)
- Coaxial Resonators
- RF Connectors and Adaptors
- RF Cable Assemblies and Patch Leads
- Quarter Wave Stub Filters
- RF / DC Hermetic Feed-through Terminals

## HYBRID CIRCUITS

- Thick Film Hybrid Circuits
- Chip-on-Board Modules
- Multi-Chip Modules
- Thick Film Ceramic Substrates
- Thin Film Ceramic Substrates
- Direct Bond Copper (DBCu) Substrates
- Resistor / Terminator Networks & Arrays
- Current Sensing Resistors
- Ceramic Disc & Trimmer Capacitors

# GLOBEC

Technical Agent and Distributor of  
Specialized Electronic Components

## ELECTRO MECHANICAL

- Rugged Printed Circuit Retainers (ZIF Series)
- Stamped, Forged and Extruded Heat Sinks
- Glass-sealed Terminals and Headers
- Glass-sealed Hermetic Packages
- Precision Rotary Potentiometers and Sliders
- Rotary Encoders and Selector Switches
- Rotary Switches and DIP Switches
- Mini-Joystick Controllers

## FREQUENCY CONTROL

- Quartz Crystals
- Clock Oscillators
- Voltage Controlled Crystal Oscillators (VCXO)
- Voltage Controlled SAW Oscillators (VCSO)
- Temperature Controlled Crystal Oscillators (TCXO)
- Ovenised Crystal Oscillators (OCXO)
- VCO / PLL Synthesizers
- Frequency Translators / Jitter Attenuators
- Front End Modules
- Clock Generators
