

GLOBEC

REACH Statement

19 April 2016

Information

European legislation covering the **R**estriction, **E**valuation and **A**uthorisation of **C**hemicals (REACH) became effective 1st June 2007 and is designed to regulate the use of hazardous chemicals within the European Union Community. Under this legislation, Manufacturers and Importers of chemicals, chemical substances and articles have a duty to identify and register the presence of **Substances of Very High Concern (SVHC)** in quantities of greater than 1 tonne per year to avoid any supply chain disruptions.

SVHC list : <http://echa.europa.eu/web/guest/candidate-list-table>

Definition

By European Chemical Agency definition, Globec (UK) Limited, as an importer and distributor, is not considered a downstream user under REACH. However, we do embrace our obligation to pass on relevant information from suppliers to customers to ensure the products we supply can be used and disposed of in a safe manner.

Statement

Globec (UK) does not import any chemicals or chemical substances under the REACH legislation. However, some electronic components imported by Globec may be classified as 'articles' as defined in EC Regulation 1907/2006, Title I, Chapter 2, Article 3.3.

Globec (UK) is in contact with all its suppliers and the 'articles' we import and distribute are considered exempt from registration under the following criteria;

- Articles are not '*intended to release any regulated substances during normal and reasonable foreseeable conditions of use*'.
- Articles imported do not contain any regulated substances in quantities of greater than 1 tonne per annum.
- Articles do not contain any of the 168 '*substances of very high concern (SVHC) in concentration levels of greater than 0.1% (w/w)*' as defined in List of Substances dated 17th December 2015.
